

## Frechdachse Konzeption Englisch

Our Kindergarden is called Frechdachse.

The chief of our Kindergarden is called Silvia Schulz. Her responsibility is to make sure that everything is alright. Mrs Schulz is also the chief of the Rasselbande. That's why there is another chief for the Frechdachse, called Eike Löber. If you have a problem, you can speak with her.

Our Kindergarden is open from 7.00am till 3.00pm. Some kids stay longer. These children can go to the Rasselbande until 04.30pm.

Our youngest children are ten months old, our oldest children are six years old.

We have three groups. In one group are 25 children. The youngest kids are two years old. The oldest kids are six years old. The second group has the same structure. The third group has twelve children. The youngest kids are ten months old, the oldest kids are two years old.

We often visit the forest next to our kindergarden.

What are we doing there?

- Playing
- Climbing
- Sliding
- Building
- Learn something about animals
- Learn how to behave in the forest

Our rooms

- A hall, which includes our wardrobe. There you can hang up your jacket.
- A café where we eat our lunch and sometimes celebrate birthdays.
- A kitchen
- A room for all the people who work in the Kindergarden
- An office with a computer and important books
- A „workshop room“ where you can be creative with different materials
- Two toilets for adults
- One toilet for wheelchair user
- A „snuzzle room“ to calm down
- A bathroom for children
- A sportsroom

Our group room

Most of the time we stay in our group rooms in which you can find:

- A building place where you can play with bricks

- A corner where you can play with dolls and dress yourself up
- Tables where you can paint, cut and glue something. We play our games and have breakfast here.

One room is for our youngest children. It has an own bathroom. For the children who need to sleep there is a special room.

#### Our garden

Sometimes we play outside. There is:

- A slide
- A sandbox
- A climbing frame
- Cars

Because of the fact that both Kindergarden have the same chief, we do a lot of stuff together. Sometimes we celebrate together or meet each other in the forest.
