

# **Welcome to our Kindergarden**

## **Rasselbande and Frechdachse**

Thank you for choosing us having your kid(s). At first some important information.

### **What does the Kindergarden need from the parents?**

Before everything can start we need an official document of your child's doctor that everything is ok and your child is injected. Moreover we need your signature under different letters of agreement like pictures, about the authority of picking up your child and so on. Most important is the signed declaration.

### **What does my child need everyday?**

A day in a Kindergarden costs a lot of energy. That is why it is important that your child brings a well-balanced breakfast around everyday. Drinks like water and tea are served by us, so you don't have to pack them in your child's backpack. We don't stay inside all day, so you have to take care that your child has always weatherproofed clothes. Especially in summer you must bring a headgear and sun cream around. Every child has its own place where these things in the backpack can stay over the day.

### **What does my child need on special days?**

Every Wednesday we go into the wood. Therefore your child needs rubber boots, weatherproofed pants and jacket. The own place of every child is bordered, so it is necessary that the clothes are brought and taken back home at the same day. In regular intervals your child comes home with a painted fish on his hand. That means that we go to the swimming bath. Therefore your child needs to bring his own swimsuit around. Towels and water brings are provided by us.

### **Which things stay in Kindergarden?**

Some things can stay here and don't have to be taken back home everyday, for example slippers and socks for gymnastics.

We look forward to you and wish you a great start here in our Kindergarden  
Rasselbande/Frechdachse!
